DVDs and VIDEOS

The **CBC Land and Sea DVD and VIDEO Collection** provides a rich resource of people who worked the land, sea and air throughout Newfoundland and Labrador. Captured in these dvds/videos are the stories of strong and independent individuals who were, and in some cases continue to be, the backbone of their communities. Here you can see where people lived, how they worked and entertained themselves in communities from Indian Islands to Silver Fox Island to the Labrador Straits and many more.

The **Collection** contains over 200 dvds/videos which can be found in our online catalogue.
